Summer Session
Athens, Greece

WHO WE ARE

GET TO KNOW US

NEW YORK COLLEGE (NYC) is a group of **elite educational institutions** offering high quality multicultural education through academic collaboration with acclaimed US and European universities.

As New York College is closing its third decade of excellence, we are committed to providing you with the highest standards of education that will assist you in cultivating a global perspective and a broader attitude. Today, more than 3,000 students from more than 60 countries enjoy the vast opportunities for personal and academic development at NYC in **Athens** and its sister institutions in **Thessaloniki** and **Prague**.

Our faculty and administration strive to ensure an environment that allows students to reach their full potential by fostering quality instruction, constantly improving academic facilities and student welfare services, providing opportunities for study abroad, and support in starting careers in the local and international job market.

The NYC Athens Campus

is located a few steps from Plaka, the Acropolis, the House of Parliament, the Olympeion, the National Library, the Sports Venue of National Gymnastics Association and opposite to the National Garden.

The north frontage of NYC ATHENS CAMPUS, a landmark historic building (Syngros Hall) on the edge of the Old City of Athens in the shade of the Acropolis (photo 1).

Panoramic view of the 4 buildings (halls) of NYC ATHENS CAMPUS (photo 2): 1. Syngros Hall 2. Mumper Hall 3. Kapodistrias Hall 4. Paparrigopoulou Hall.

Part of the NYC's ATHENS CAMPUS Traditional Courtyard (photo 3). The National Park and Zappeion Park (photo 4), opposite of the NYC ATHENS CAMPUS, are popular leisure venues for New York College students.

Opposite to NYC ATHENS CAMPUS, the Olympeion (photo 5) and the Sports Venue of National Gymnastics Association (photo 6-7), where each year the New York College graduation ceremony (photo 6) takes place and where its students having athletic activities during the academic year (photo 6).

**SUNY EMPIRE
STATE COLLEGE**

SUNY ESC is fully accredited by the Middle States Commission on Higher Education. New York College is recognized by the British Accreditation Council. Faculty credentials, curriculum, and instructional resources are consistently monitored and supervised by SUNY ESC.

Our study abroad program offers the opportunity for international students to experience Greece while earning easily transferrable SUNY ESC college credits toward a degree.

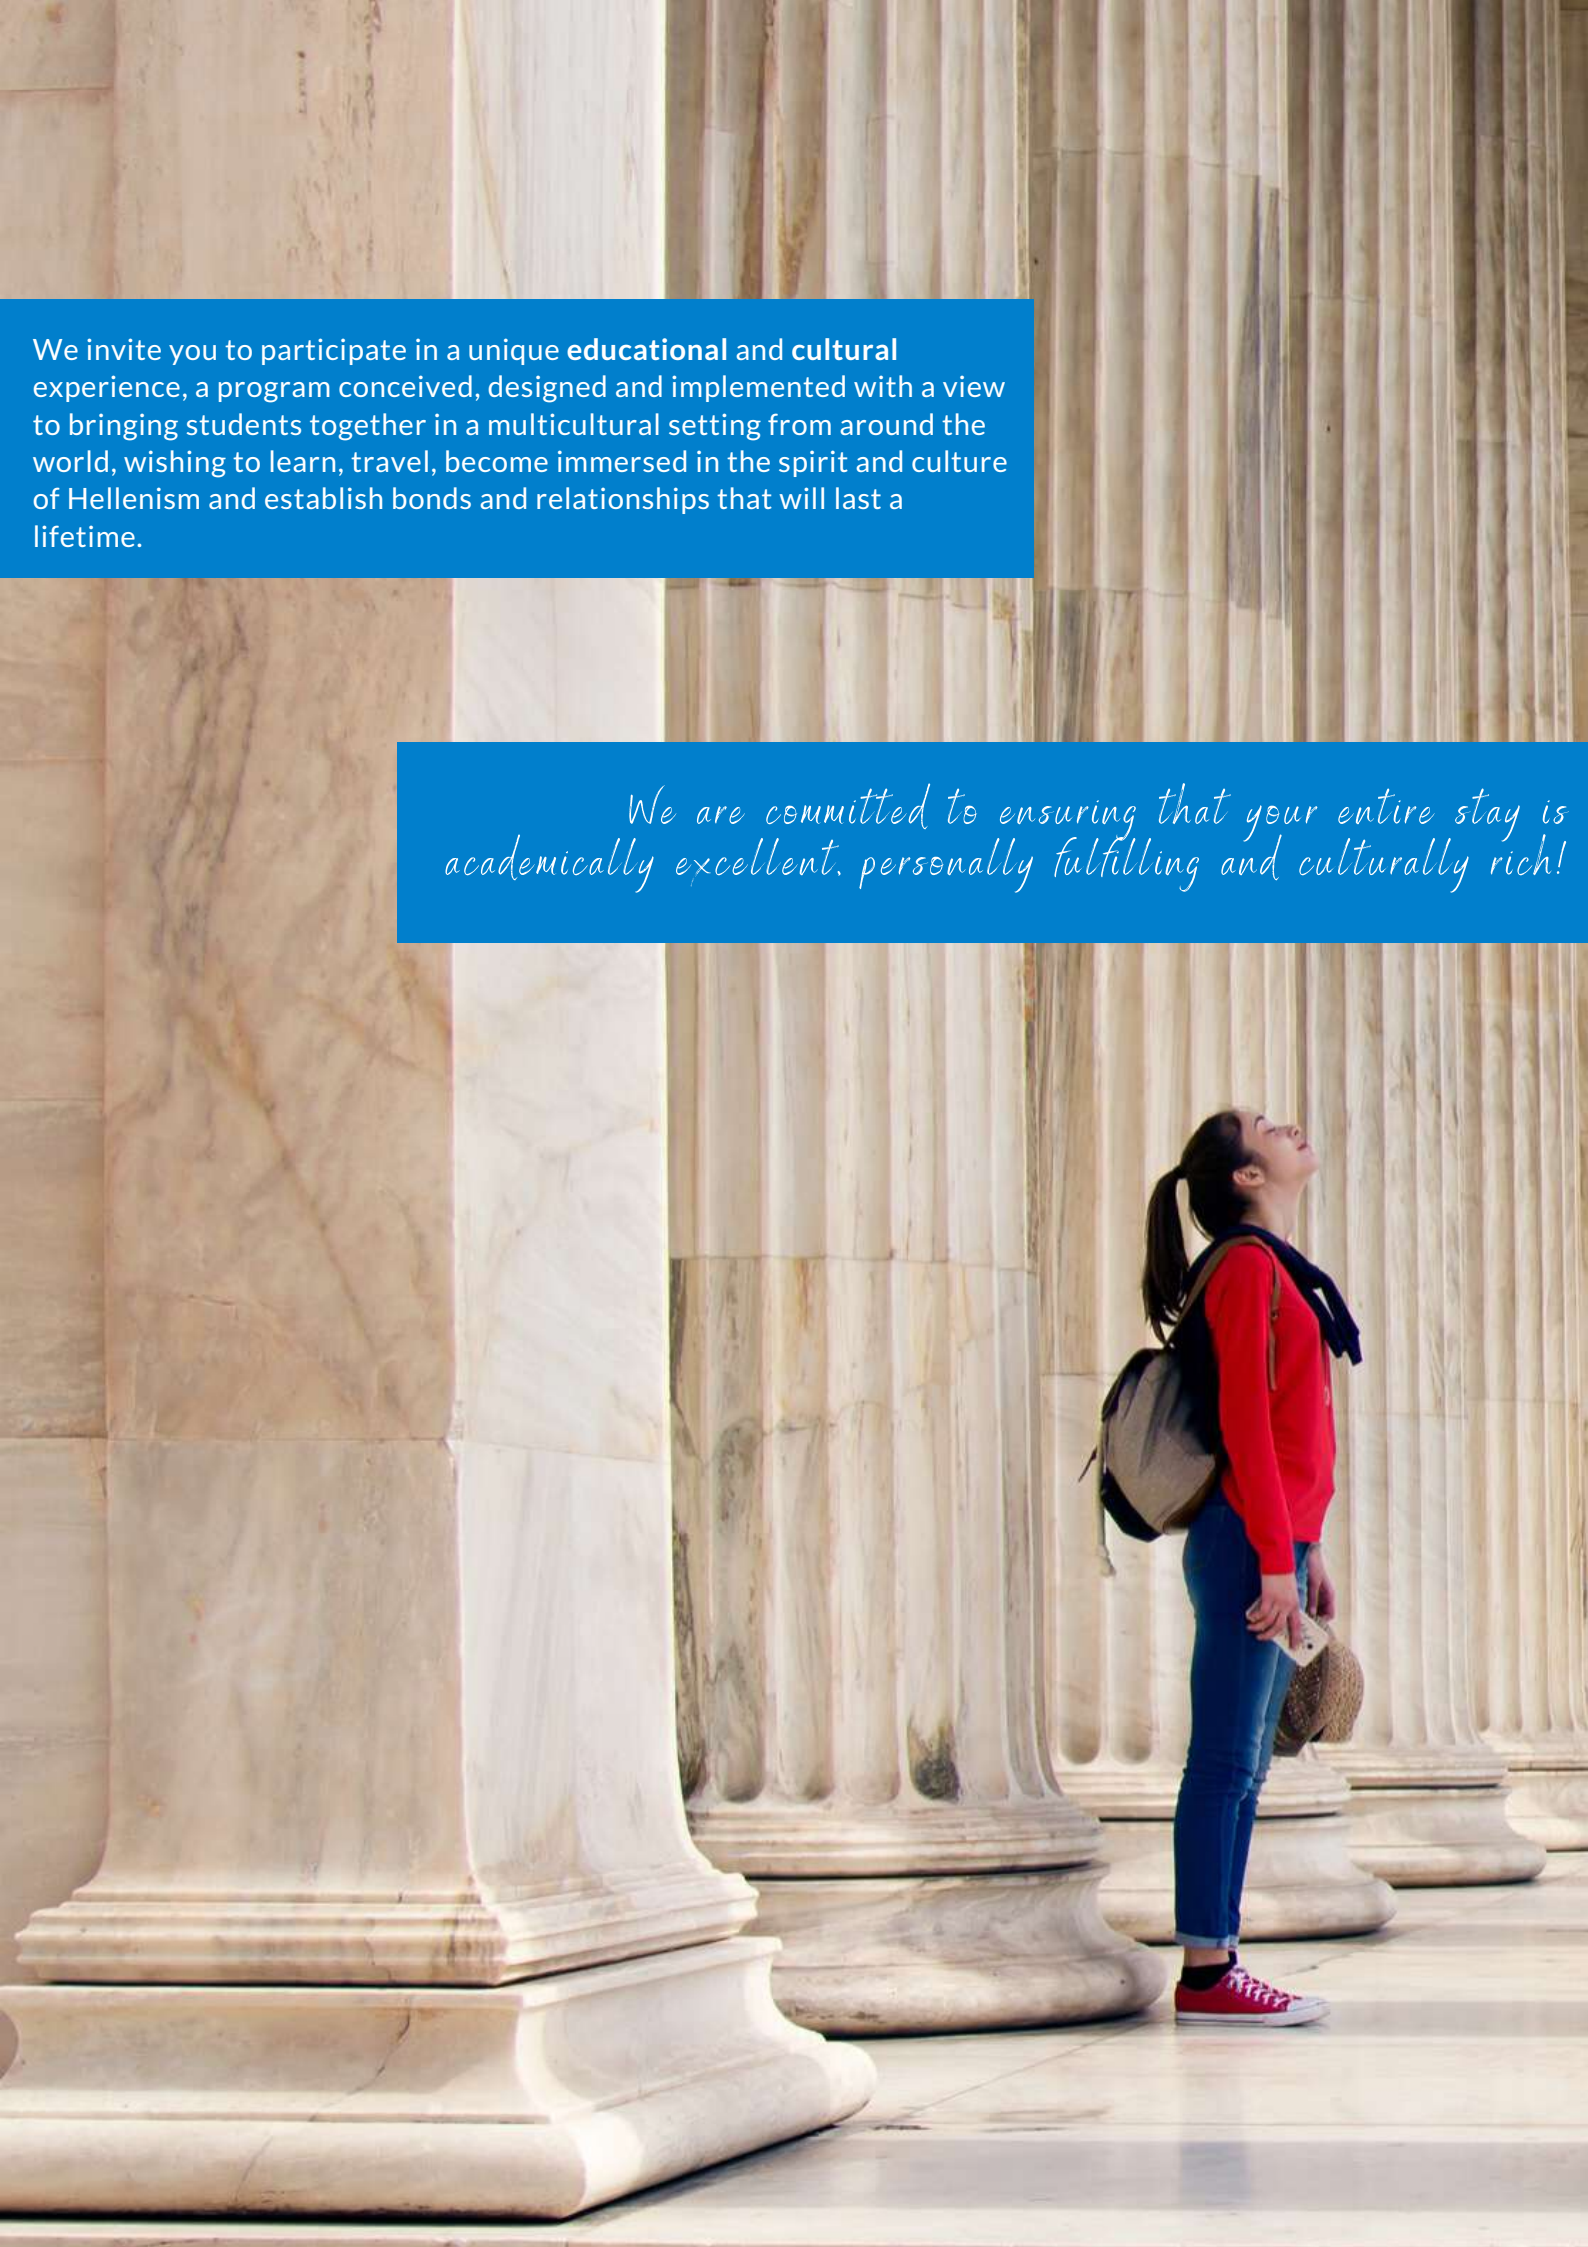

VISITING GREECE

A LIFETIME EXPERIENCE!

Greece, a member of the European Union since 1981, is a country of enormous contrast and variety, situated on the southern part of the Balkan Peninsula. It combines high mountain ranges with a wide coastline of crystal clear waters and unspoiled beaches. It is the place where one of the oldest civilizations was born, the legacy of which can still be seen in the numerous monuments throughout the country. Over recent years, Greece has developed into a rapidly expanding center of maritime, commerce, light industry and high technology.

Athens, the capital city of Greece, is a place with a very strong presence of memories of the past, preserving a remarkable sense of historical continuity. The Acropolis, the marvel of the “Golden Age” of Pericles, when the Ancient Athenian Wonder was achieved, stands on a visible rock surrounded by the old neighborhood of Plaka - the oldest and most picturesque part of Athens; narrow streets and lanes, neoclassical houses, traditional handicraft shops and many restaurants.

A young woman with dark hair in a ponytail, wearing a red long-sleeved shirt, blue jeans, and red sneakers, stands in a row of massive, fluted ancient Greek columns. She is looking up at the columns with an expression of awe. She has a grey backpack and is holding a small object in her hand. The scene is brightly lit, suggesting an outdoor setting like the Acropolis in Athens.

We invite you to participate in a unique **educational** and **cultural** experience, a program conceived, designed and implemented with a view to bringing students together in a multicultural setting from around the world, wishing to learn, travel, become immersed in the spirit and culture of Hellenism and establish bonds and relationships that will last a lifetime.

We are committed to ensuring that your entire stay is academically excellent, personally fulfilling and culturally rich!

SUMMER 2020

THE PROGRAM

offers students an opportunity to explore Greece with the support and guidance of a strong academic team.

Studying the language, culture, history, archaeology, art history and theatre on site allows students to experience Greece beyond their textbooks, in the heart of Athens, Plato's Academy and Pnyx where Socrates taught his students.

The Program will run over a period of two weeks. Extracurricular activities, such as lectures and workshops, tours and excursions will take place during the weekdays and the weekends.

You take up one academic course (4 credits) that combines Ancient Greek Culture and Introduction to Philosophy.

WHY YOU SHOULD CHOOSE THE NYC STUDY ABROAD PROGRAM

Personal Growth

Adjusting to a new life in a foreign country, students soon discover their own strengths and weaknesses and grow in self-awareness and self-confidence.

Acquire a Different Perspective on the World

Perspective on the World Trips within Greece and to the countries of the European Union (at weekends during the summer session, or at its conclusion), new tastes, relationships, outdoors, outlooks, will provide a different perspective on the world and a new insight on yourself.

Career Benefits

International exposure gives college graduates a distinct competitive edge in the job market of today's globalized economy.

Academic Enrichment

A study abroad experience will enhance your university education with a global perspective. You will experience the foreign languages, customs, and attitudes of people in another country and ultimately learn more about your own culture.

INTRODUCTION TO ANCIENT GREEK PHILOSOPHY AND THE DEVELOPMENT OF WESTERN CIVILIZATION

An introductory level course in Ancient Greek Philosophy and Civilization, aiming at introducing students to the main ideas, theories and practices of the Classical and Hellenistic periods.

THE EXTRA CURRICULAR PROGRAM TOURS & EXCURSIONS

Events, activities, and excursions include visits to museums and other local points of interest, and they supplement the classroom experience.
