

Faculty of the BSc Psychology, Psychotherapy and Counselling programme

University of Bolton

Head of the Psychology Department

Dr Antonia Svensson Dianellou

Antonia holds a PhD in Developmental Psychology and BSc (hons) in Psychology from Goldsmiths University of London (Unit for School and Family Studies), an MSc in Health Psychology from the University of Surrey, UK and a PGDip in Dance Movement Therapy from the University of Hertfordshire, UK. Apart from heading the Psychology Department since 2015, and her teaching and management responsibilities at NYC, she is a member of the International Advisory Board of the ISPS, a global organization promoting psychotherapy for psychosis. Antonia has conducted research on intergenerational relationships at the National School of Public Health in Athens (funded by the 5th Framework of the European Commission) and at Anglia University, Cambridge (funded by the European Social Fund). Antonia is a licensed Psychologist under Greek law and an experienced counselor-Dance Movement Therapist specialising in work with children, women and vulnerable populations. She oversees the running of the NYC Student Counseling Service and coordinates placements and internships for psychology students.

Local Tutors

Ms Georgina Angelopoulou (PhD candidate)

Georgina is a clinical neuropsychologist. She holds two undergraduate degrees; from the Department of Philosophy, Pedagogy, Psychology and from the Department of Psychology, National and Kapodistrian University of Athens. She also holds a master's degree in special and Inclusive Education from the Institute of Education, University College London and a master's degree in clinical Neuropsychology from the Faculty of Medicine, National and Kapodistrian University of Athens, School of Medicine/Montreal Neurological Institute, McGill University. She is currently about to complete her PhD at the National and Kapodistrian University of Athens, 1st Department of Neurology. Her doctoral dissertation is focused on neural substrate of cognitive deficits in post-stroke aphasia. In 2017, she got the Doctoral Dissertation Visiting Research Scholarship from Fulbright Foundation and she spent six months in Boston University to conduct part of her doctoral research, where she was trained in several neuroimaging methods. Her research interests include several areas in the field of Clinical Neuropsychology, as post stroke aphasia and neurodegenerative diseases. She has extended experience in neuropsychological assessment of stroke patients, individuals with neurodegenerative diseases, and children with developmental disorders. She is currently involved in a series of research projects on post-stroke aphasia and healthy adults, as a research associate at the Neuropsychology and Language Pathology Unit, 1st Neurology Department of Eginition Hospital. She has co-authored several research papers, book chapters, and conference abstracts. Georgina teaches biopsychology classes and supervises undergraduate research projects.
